

U.S. Embassy Ashgabat, Turkmenistan

Ashgabat, Turkmenistan 744000

April 28, 2023

SUBJECT: U.S. Embassy Ashgabat Electronic Key Management Systems (Key Watcher) Solicitation Vendor Questions (PR11595648)

The following are questions that have been posed by vendors regarding the Electronic Key Management Systems (Key Watcher) Solicitation (PR11595648) for U.S. Embassy Ashgabat, Turkmenistan. To maintain transparency among all interested vendors, I will post any questions specific to the solicitation requirements along with the responses (**BOLD**) here on sam.gov.

1. Do you have a Dispatch Agent in the U.S. for CONUS delivery? **Yes, Ikun, LLC-Ashgabat 2801 Route 130 Unit 1 North Brunswick, NJ 08902**
2. Please clarify what “electronically linkable” means? **Post needs the cabinet capacity with at least 140 keys or greater. With the capability to possibly expand by adding additional cabinets if needed in the future. The cabinets do need to be on an IT network or communicate with a centralized software for key administration.**
  - Is this simply the cabinets can be placed on a IT Network and both cabinets communicate with the centralized software for key administration?

OR

  - Do you want one cabinet with a touch screen, that is “**electronically linked**” to the second cabinet without a touch screen? Meaning two cabinets installed next to each other, that operate as if they are one cabinet, still being on a IT Network and communicate with the centralized software for key administration?
3. Please clarify “future expanded system”

- This just means that additional cabinets can be added to the system and managed by the centralized software for key administration? **See answer above given for question #2.**

Kind Regards,

Joseph R. Williams  
Contracting Officer
